Instruction Manual

Getting Started

1. Account Creation

1. Go to the Smart Note website (the link you received).
2. Click “Continue with Google” or “Continue with Microsoft”.
3. After signing in, you will automatically receive 20 free credits (enough for ~20 pages).

2. Joining Organization

When someone invites you into an organization (shared credits pool):

1. Click your profile → Settings → Invitations tab
2. You will see pending invitations
3. Accept and you will now see shared team credits (often thousands!).

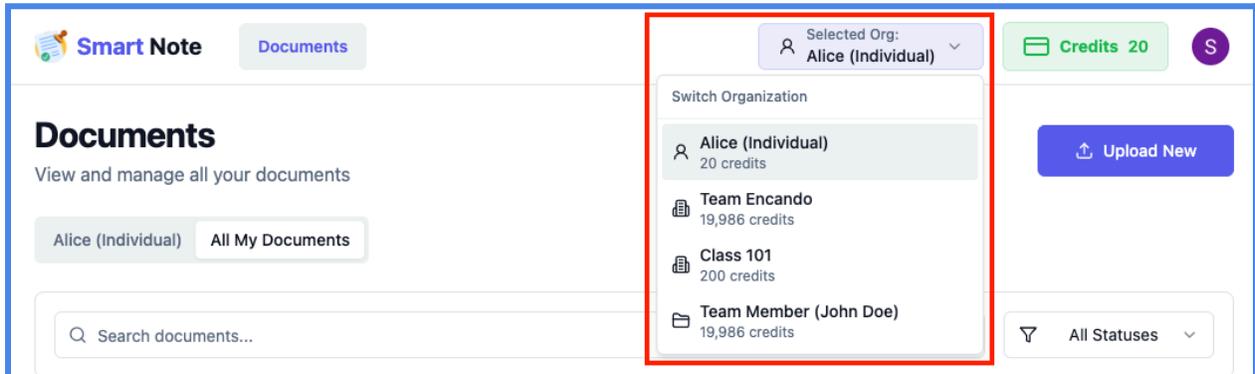

The screenshot shows the Smart Note user interface. At the top, there is a navigation bar with the Smart Note logo, 'Documents', and a dropdown menu for 'Selected Org: Alice (Individual)'. On the right, there is a user profile section showing 'Credits 20' and a notification icon with a '1'. Below this is a settings menu with 'Alice', 'Settings' (with a notification icon), and 'Logout'. The main content area is titled 'Settings' and includes a sub-section for 'Organization Invitations'. A table lists pending invitations, with one entry for 'Class 101' invited by 'John Doe' on '4 Dec 2025 16:56:27'. The 'Accept' button for this invitation is highlighted with a red box.

- Alice (Individual) → uses your personal credits
- Team Encando → uses shared organization credits (usually much higher)
